## WHAT OUR CLIENTS ARE SAYING

*“I would just like to express my sincere appreciation for the wonderful care I've received over the past 3 years at Poudre Infusion Therapy.*

*You folks truly embody the highest standards of the medical profession. At no time has a question or concern gone unaddressed, or need unattended.*

*I've never had to wait for services, or have been otherwise inconvenienced.*

*You politely remind me of my appointments and forgive my occasional forgetfulness.”*

**Client**

*“You were all so pleasant, so positive. You made me feel like a person, more than just a patient. I knew that you were concerned about my disease and that of all your patients. You made having a dreadful disease tolerable. Thank you so much.”*

**Client**

*“In January 2003, I switched insurance companies. Despite an increase in co-pay because they are "Out of Network", I stayed with Poudre Infusion Therapy because of the people at this facility. They have worked with me on insurance claims and inventory control of my medication. They make me feel that for one hour a week I'm the most important client they have. In my opinion, you'll never find a more compassionate, professional group of people.”*
